How does Housing for New Hope help?

Rapid Re-Housing

Locate and establish rental opportunities, rental assistance, and case management to assist families and individuals impacted by homelessness quickly move back into a home of their own

Permanent Supportive Housing

Housing and case management for those who were experiencing chronic homelessness and have disabilities

Assertive Engagement

Intensive case management and connection to resources for those who are unsheltered and uninsured

Work-Force Housing

Affordable properties for Durham residents and their families earning at or below 50% Area Median Income.

Preventing and ending homelessness, one valuable person at a time

How Can I Help?

8 helpful tips for when you encounter someone experiencing homelessness

- 1** Show respect – smile, make eye contact, ask how their day is going.
- 2** Donate money to agencies working to prevent and end homelessness in your community.
- 3** Donate new or gently used items such as socks, coats, and supplies to make outreach or welcome kits.
- 4** Provide food. Gift cards to local eateries, granola bars, and bottled water are all great ideas.
- 5** Create jobs if you are able. Homelessness is often a result of job loss or reduction in hours.
- 6** Contact local agencies to volunteer. Many agencies have a wide array of opportunities and ways you can help.
- 7** Call for emergency services if you feel the person is in need of medical assistance.
- 8** Become a Landlord. Housing for New Hope is always looking to build new partnerships with private landlords in the Durham area.
